```
void GnomeSort(int arr[],int len)
for( int i = 1; i < len; )</pre>
    if (i == 0 || arr[i - 1] <= arr[i])
        i++;
    else
         swap(arr[i],arr[i - 1]);
         i--;
```
